

## Cheek to Cheek

**Crazy Girls** is the longest-running topless revue in Las Vegas and has become a local institution. The six stars are all beautiful and accomplished, performing acrobatic dance routines with flashy costumes and some simple props that allow the dancers to show off their impressive assets. Highlights of the production include a routine inside a heart-shaped frame by flexible dancer Bell, and a cheeky number with the whole ensemble shaking their booties in shorts with cutouts on the backside. —*Josh Bell*
